FINDER TERMS

Version 2026.11 | Effective November 16, 2026

FINDER (Federated Integrated Network for Data Exchange and Retrieval) is a law enforcement information-sharing platform provided by FINDER Software Solutions, LLC, a Florida limited liability company, 4185 35th Street N, St. Petersburg, FL 33714 ("FSS"). These FINDER Terms ("Terms") govern each law enforcement agency's ("Agency") access to and use of the Platform, whether under a signed Memorandum of Understanding ("MOU") or through Authorized Users who accept the User Platform Access Terms.

1. Definitions

"Agreement" means the MOU (if any), these Terms including their Schedules, any Agency Addendum attached to the MOU, and the User Platform Access Terms.

"Authorized Agencies" means law enforcement and criminal justice agencies authorized by FSS to use the Platform.

"Authorized Reseller" means a reseller authorized by FSS to sell Platform subscriptions and named in the MOU or Order.

"Authorized User" means an individual Agency has authorized to use the Platform under Agency's account.

"Contributed Data" means data that Agency, its personnel or its systems upload or provide to the Platform.

"Effective Date" means the date stated in the MOU or, if there is no MOU, the date an Authorized User first accesses the Platform.

"National Information Platforms" means federally operated law enforcement information-sharing systems, including the FBI's National Data Exchange (N-DEx) and the Law Enforcement Information Exchange (LInX).

"Order" means (a) an FSS invoice or quote that references the MOU, (b) an Agency purchase order accepted by FSS, or (c) an Authorized Reseller's order with Agency, in each case stating the Authorized Users, fees and term for the Platform.

"Platform" means the FINDER platform, including FINDER Investigate and any module enabled for Agency, together with related software, parsers and documentation.

2. Agreement, Acceptance and Order of Precedence

2.1 Acceptance. Agency accepts the Agreement when it signs an MOU, issues or accepts an Order that references an MOU (whether or not the MOU has been signed), or when an Authorized User accepts the User Platform Access Terms. Continued use of the Platform confirms acceptance of the Agreement and that conflicting purchase-order terms do not apply. The person accepting represents that they are authorized to do so for Agency.

2.2 Order of precedence. If the documents conflict, any Agency Addendum attached to the MOU controls, then the MOU, then the Schedules (including the state Schedules), then the body of these Terms, then the User Platform Access Terms. Terms in a purchase order, reseller document or other Agency form that add to or conflict with the Agreement do not apply, except price, quantity and payment terms stated in the Order.

2.3 Module Terms. Schedules A (FINDER Pawn), B (AdTech Data) and D (FINDER Public Records) apply only to a module that is included in an Order or trial, or that Agency activates in the Platform, including through acceptance by an Agency administrator at activation. Schedule C (Sensor and Location Data) applies only if Agency contributes or accesses Sensor Data, such as RF or LPR data, through the Platform. Schedules E and F apply only to Florida and Texas agencies, and Schedule G only to a pilot. A Schedule that does not apply to Agency has no effect, and Agency does not need to remove or modify it. Where a module uses third-party data, any third-party terms that apply to Agency are stated in that module's Schedule; FINDER Public Records may also require Agency's own agreement with its data provider.

2.4 Version. The version of these Terms in effect on the Effective Date applies for the Initial Term. For each Renewal Term, the version posted at findersoftware.com/legal 30 days before the renewal date applies. Any other change to the Agreement must be in a writing signed by both parties.

3. Access and Authorized Users

FSS grants Agency, during the Term, a non-exclusive, non-transferable, revocable right for its Authorized Users to access and use the Platform for Agency's lawful law enforcement and criminal justice purposes, up to the number of Authorized Users stated in the Order. Agency is responsible for authorizing only personnel who may lawfully access the information in the Platform under the CJIS Security Policy and applicable law, for promptly disabling users who leave or lose authorization, and for its Authorized Users' compliance with the Agreement. Each Authorized User must accept the User Platform Access Terms.

4. Restrictions

Agency will not, and will not permit others to: (a) reverse engineer, decompile or attempt to discover the source code or underlying structure of the Platform, except as applicable law expressly permits; (b) give access to anyone other than Authorized Users, or resell, sublicense or share credentials; (c) copy, modify or create derivative works of the Platform, or remove proprietary notices; (d) use the Platform for personal, commercial or other non-law enforcement purposes; or (e) scrape or bulk-extract data from the Platform, including to train or improve an artificial intelligence model or to build another product or service.

5. Contributed Data

5.1 Ownership. Agency owns and controls its Contributed Data and is responsible for it. Agency may correct, update or delete records in its own source systems at any time, and those changes are carried into the Platform the next time Agency's data feed is processed.

5.2 License to share. Agency grants FSS a non-exclusive, royalty-free license to host, store, copy, process, index, display and share Contributed Data through the Platform in order to: (a) operate, support, secure, test, develop and improve the Platform and its features; (b) make it available to Authorized Agencies for law enforcement and criminal justice purposes, including through federated search, link analysis, analytics and AI-assisted features; (c) share it with National Information Platforms, unless Agency opts out in the MOU or by written notice; and (d) share it with other government-operated or government-authorized criminal justice, public safety and national security information systems that FSS authorizes. FSS may format and organize Contributed Data for search and display but does not change the substance of Agency's records. FSS may use service providers and development partners acting on its behalf for these purposes, subject to Section 7. This license applies during the Term and continues afterward as stated in Section 5.5.

5.3 No sale. FSS will not sell Contributed Data or license it for commercial or other non-law enforcement purposes.

5.4 Data obtained by others. Once an Authorized Agency, National Information Platform or other authorized system obtains Contributed Data, its use and retention are governed by that recipient's own obligations and applicable law. FSS does not control those recipients, is not responsible for their acts, and has no obligation to recall or delete copies they hold.

5.5 After the Agreement ends. Contributed Data already in the Platform remains available to the network after the Agreement ends unless Agency asks FSS in writing, within 90 days after the Agreement ends, to remove it. FSS will then remove it from the active Platform within a reasonable time, and backup copies will expire under FSS's normal retention cycle. Section 5.4 continues to apply to copies already obtained by others.

6. Agency Responsibilities

6.1 Lawful data. Agency represents that it has the legal authority, notices and consents needed to provide its Contributed Data to the Platform, and that it will not provide data that was collected unlawfully or in violation of applicable policy, including the CJIS Security Policy, privacy laws, and record confidentiality and expungement requirements.

6.2 Proper use. Agency will use the Platform only for legitimate law enforcement and criminal justice purposes, and not to discriminate against or harass any person, to violate privacy or constitutional rights, or to violate any law or third-party agreement.

6.3 Investigative use. The Platform is an investigative tool. Information in it comes from contributing agencies and third-party sources and is provided as investigative leads only. Agency must independently verify information, including results, links or summaries produced by AI-assisted features, with the originating source before taking official action, and Agency is responsible for decisions it makes using the Platform. Platform results are not original documentation for prosecution, and FSS does not provide testimony, affidavits or other court support for information obtained through the Platform.

6.4 Compliance. Agency is responsible for its own compliance with the laws, regulations and policies that apply to its collection, contribution and use of data. FSS does not provide legal advice. The Platform is not a records management, backup or disaster-recovery system for Agency's data.

7. Security and CJIS

7.1 Safeguards. FSS will maintain administrative, technical and physical safeguards consistent with the then-current FBI CJIS Security Policy, and will store and process Contributed Data within the United States.

7.2 Personnel. FSS personnel and contractors with access to Contributed Data are bound by confidentiality obligations. FSS personnel with access to unencrypted Criminal Justice Information will complete fingerprint-based background checks and CJIS Security Awareness training. Where required by 28 C.F.R. § 20.33, FSS will sign the CJIS Security Addendum with Agency or its CJIS Systems Agency.

7.3 Service providers. FSS's hosting and service providers that process Contributed Data will be bound by security obligations consistent with this Section 7.

7.4 Incident notice. FSS will notify Agency without undue delay after confirming a security incident involving unauthorized access to Agency's Contributed Data, and will cooperate reasonably with Agency's response.

7.5 Agency compliance. Agency is responsible for its own CJIS compliance, including user screening, training, access reviews and audits of its Authorized Users. On reasonable request, FSS will provide its standard security documentation and reasonable cooperation with audits the CJIS Security Policy requires. FSS describes its current security practices at findersoftware.com/trust-security; that page is informational and is not part of the Agreement.

8. Fees and Payment

8.1 Fees. Services, Authorized Users, fees, invoicing and term are as stated in the Order. If there is no Order, use of the Platform is without charge, and FSS may change or end no-charge access on 30 days' notice.

8.2 FSS-billed. When FSS bills Agency directly, FSS invoices as stated in the Order, and Agency pays within the time stated on the invoice or, if none is stated, within 30 days, subject to Agency's applicable prompt-payment law. Agency will raise any invoice dispute promptly and in good faith.

8.3 Reseller-billed. When an Authorized Reseller is named in the MOU or Order, Agency pays the Authorized Reseller under that reseller's order, FSS does not invoice Agency, and pricing, invoicing and term follow that order. Agency remains responsible for payment for its subscription. If FSS does not receive payment for Agency's subscription, FSS may suspend access under Section 9.4. If the Authorized Reseller stops acting for Agency, FSS may invoice Agency directly for the rest of the term at the rate then in effect. FSS is not responsible for the Authorized Reseller's acts or obligations to Agency.

8.4 Rates. Fees in the Order are fixed for the Initial Term. For FSS-billed service, FSS may increase fees for a Renewal Term by up to 3% on at least 30 days' written notice before the renewal date. For reseller-billed service, renewal pricing is set by the Authorized Reseller's order.

8.5 No refunds. Fees are non-refundable and are not prorated, except as stated in Section 9.2.

8.6 Trials and pilots. FSS may offer no-charge trial access to the Platform or a module for the period and usage FSS specifies. A trial ends automatically at the end of that period, creates no obligation to purchase, and is otherwise subject to the Agreement. If Agency purchases after a trial or pilot, the purchase is made by Order under the existing MOU, and no new MOU is needed.

9. Term, Suspension and Termination

9.1 Term. The Initial Term begins on the Effective Date and runs for the period stated in the MOU or the Order, or three years if none is stated. A pilot under Schedule G is governed by that Schedule. After the Initial Term, the Agreement renews for successive one-year Renewal Terms (together with the Initial Term, the "Term") unless either party gives written notice of non-renewal at least 30 days before the end of the current term. The MOU remains in effect through all Renewal Terms; renewals and added services require only a new Order, not a new MOU.

9.2 Termination for convenience. Either party may terminate the Agreement on 60 days' written notice. If Agency terminates, fees already paid are not refunded. If FSS terminates, FSS will refund prepaid fees for the period after termination, as its sole liability for the termination.

9.3 Termination for cause. FSS may terminate the Agreement immediately on written notice for misuse of the Platform, a breach of Section 4 or 6, a security breach caused by Agency or its users, or non-payment. Either party may otherwise terminate the Agreement if the other party materially breaches it and does not cure the breach within 30 days after written notice.

9.4 Suspension. FSS may suspend Agency's or any Authorized User's access immediately if FSS reasonably believes there is misuse, a security risk or unlawful use. For non-payment, FSS may suspend access after 30 days' written notice to Agency and, for reseller-billed service, to the Authorized Reseller. FSS will restore access once the issue is resolved.

9.5 Non-appropriation. If Agency's governing body does not appropriate funds for fees due in a fiscal year, Agency may terminate the Agreement, without penalty, at the end of the last funded period by giving written notice.

9.6 Effect. When the Agreement ends, Agency's access ends and Agency will stop using the Platform. Section 5.5 governs Contributed Data. On request, Agency will return or delete FSS confidential information and documentation. Sections 4, 5, 6, 8 (as to amounts owed), 9.6, 10, 11, 12, 13, 15 and 16 survive.

10. Public Agency Provisions

10.1 Public records. FSS acknowledges that Agency is subject to public records laws, and disclosure by Agency that those laws require is not a breach of the Agreement. FSS may mark materials it considers confidential or trade secret. Where permitted, Agency will notify FSS of a request for those materials so FSS may seek protection at its own expense.

10.2 Immunity. Nothing in the Agreement waives Agency's sovereign immunity or any limit on Agency's liability provided by law, or requires Agency to indemnify FSS.

10.3 State requirements. Schedule E applies automatically to Florida public agencies and Schedule F to Texas governmental entities.

11. Disclaimer of Warranties

THE PLATFORM AND ALL DATA AND INFORMATION AVAILABLE THROUGH IT ARE PROVIDED "AS IS" AND "AS AVAILABLE." FSS DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, ACCURACY AND NON-INFRINGEMENT. FSS DOES NOT WARRANT THAT THE PLATFORM WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DATA FROM CONTRIBUTING AGENCIES OR THIRD-PARTY SOURCES IS ACCURATE, COMPLETE, CURRENT OR ADMISSIBLE.

12. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW: (a) FSS'S TOTAL LIABILITY ARISING OUT OF OR RELATING TO THE AGREEMENT OR THE PLATFORM WILL NOT EXCEED THE FEES PAID FOR AGENCY'S SUBSCRIPTION, WHETHER TO FSS OR TO AN AUTHORIZED RESELLER, IN THE 12 MONTHS BEFORE THE EVENT GIVING RISE TO THE CLAIM, OR ONE HUNDRED DOLLARS IF NO FEES WERE PAID; AND (b) FSS WILL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF DATA OR INTERRUPTION OF OPERATIONS, EVEN IF ADVISED OF THEIR POSSIBILITY. THESE LIMITS APPLY TO FSS, ITS AFFILIATES, SUPPLIERS AND DATA PROVIDERS, AND THEIR MANAGERS, MEMBERS, OFFICERS, EMPLOYEES, CONTRACTORS AND AGENTS, UNDER ANY LEGAL THEORY.

13. Intellectual Property

FSS and its licensors own all rights in the Platform, including all software, versions, modules, APIs, parsers, integration tools and documentation, and all improvements to them. The Agreement grants Agency only the access right in Section 3. FSS may use suggestions and feedback about the Platform without restriction or compensation.

14. Publicity

During the Term and for six months afterward, FSS may list Agency's name and logo as a FINDER customer, share Agency's own public communications about the Platform, and share Agency's participation with FSS affiliates, unless Agency opts out in the MOU or by written notice.

15. Governing Law and Venue

The Agreement is governed by Florida law, without regard to conflict-of-law rules, and disputes will be resolved in the courts located in the State of Florida. If Agency is a public entity whose governing law requires that its contracts be governed by its

own state's law or that disputes be heard in its own courts, that law and those courts apply instead. FSS may seek injunctive relief in any court with jurisdiction.

16. General

16.1 Notices. Notices must be in writing and sent to the addresses in the MOU or, for FSS, to the address above and admin@findersoftware.com. Notice by email is effective when the recipient confirms receipt.

16.2 Assignment. Agency may not assign the Agreement without FSS's written consent. FSS may assign the Agreement in connection with a merger, reorganization, financing or sale of all or part of its business or assets.

16.3 Export. Agency will not export the Platform or data obtained from it outside the United States except as U.S. law permits.

16.4 Entire agreement. The Agreement is the entire agreement between the parties on its subject and supersedes all prior agreements and communications on that subject. Web pages, marketing materials and proposals are not part of the Agreement unless the MOU expressly attaches them.

16.5 Other terms. A waiver must be in writing to be effective. If any provision is unenforceable, the rest of the Agreement remains in effect and that provision will be enforced to the extent permitted. The parties are independent contractors. The Agreement may be signed electronically and in counterparts.

16.6 Force majeure. Neither party is liable for delay or failure to perform, other than payment obligations, caused by events beyond its reasonable control, including outages of hosting, network or third-party data providers.

Schedule A — Module Terms: FINDER Pawn

Applies only if FINDER Pawn is included in an Order or trial or activated by Agency. Otherwise this Schedule has no effect.

A.1 Service. FINDER Pawn collects pawn, secondhand and scrap metal transaction data reported by shops ("Transaction Data"). FSS provides access to FINDER Pawn, secures Transaction Data under Section 7, provides documentation, and supports Agency's administrators. Data import or configuration assistance is available on request and may carry an added fee.

A.2 Agency responsibilities. Agency is responsible for its shop program, including enrolling shops, creating and managing shop user accounts, initial shop user training and support, requiring shops to report as the law requires, enforcing shop reporting and compliance, and monitoring the quality of Transaction Data. FSS does not verify shop-entered data, support shops directly, or enforce shop reporting laws.

A.3 Data. Transaction Data is Agency's Contributed Data under Section 5, including sharing with Authorized Agencies and with National Information Platforms unless Agency has opted out.

A.4 Ending FINDER Pawn. Either party may end FINDER Pawn on 60 days' written notice without affecting the rest of the Agreement.

Schedule B — Module Terms: AdTech Data

Applies only if AdTech Data is included in an Order or trial or activated by Agency. Otherwise this Schedule has no effect.

B.1 Service. AdTech provides access to commercially available advertising-identifier signals and associated location data supplied by third-party data providers (the "AdTech Provider") for a defined area and time window ("AdTech Data"). AdTech Data uses masked advertising identifiers and does not directly identify individuals. Trial access, if offered, is limited to the users and period FSS specifies.

B.2 Availability and source terms. AdTech Data is subject to the availability, coverage and terms of the AdTech Provider, which may change or discontinue the data available. If the AdTech Provider requires its own agreement, Agency must sign it before access is enabled, and it governs Agency's use of AdTech Data where it conflicts with this Schedule. Otherwise, the source terms that apply to Agency are those in this Schedule: Agency will use AdTech Data only for investigative purposes, will not resell it or use it to build another data set, product or service, and will not disclose it outside law enforcement except as the law requires.

B.3 Agency responsibility. AdTech Data is an investigative lead under Section 6.3. Any effort to associate AdTech Data with a particular person, and any legal process or authorization required to access or use it, is Agency's sole responsibility and must comply with applicable law. FSS and the AdTech Provider make no representation about the legal framework that applies and do not provide testimony or other court support for AdTech Data.

Schedule C — Module Terms: Sensor and Location Data

Applies only if Agency contributes or accesses Sensor Data through the Platform. Otherwise this Schedule has no effect.

C.1 Sensor Data. "Sensor Data" means data from devices or systems that capture signals, images or locations, whether contributed by Agency or another agency or available by subscription, including radio-frequency (RF) data such as device identifiers and network or connection data, license plate reader (LPR) reads and images, and location data derived from any of them. Sensor Data is Contributed Data when Agency provides it.

C.2 Agency responsibility. Sensor Data may be regulated by privacy, location-data and LPR laws. Agency is solely responsible for determining what legal process or authorization is required before it collects, contributes, accesses or uses Sensor Data, for any retention limits that apply to it, and for complying with the laws and policies that apply to it. Sensor Data is an investigative lead under Section 6.3. FSS makes no representation about the legal framework that applies, and Agency assumes the compliance risk of its collection and use of Sensor Data.

C.3 Third-party sources. Sensor Data available by subscription is subject to the availability and terms of its source, which FSS will state in the Order or the Platform.

Schedule D — Module Terms: FINDER Public Records

Applies only if FINDER Public Records is included in an Order or trial or activated by Agency. Otherwise this Schedule has no effect.

D.1 Service. FINDER Public Records provides person and motor-vehicle public records supplied by a third-party data provider (the "Provider"), and searched from within the Platform. Any trial is limited to the searches and period FSS specifies.

D.2 Provider terms. If the Provider requires its own subscriber agreement, Agency must sign it before access is enabled, and that agreement governs Agency's use of Provider data and controls over this Schedule where they conflict on that subject. Otherwise, the Provider terms that apply to Agency are those in this Schedule.

D.3 Billing. FSS bills for Public Records as the Provider's billing agent, directly or through an Authorized Reseller, as stated in the Order and any FINDER Public Records addendum.

D.4 Permissible use. Agency is responsible for permissible-purpose and permissible-use compliance under any Provider agreement and applicable law, including the Driver's Privacy Protection Act and the Gramm-Leach-Bliley Act. FINDER Public Records is not a consumer reporting product and may not be used for employment, credit, tenant or other screening purposes.

D.5 Provider data. FSS does not own Provider data and makes no warranty about it. The Provider may suspend or end access to its data.

Schedule E — Florida Public Agencies

Applies only if Agency is a Florida public agency, and then controls over the body of these Terms where they conflict. Otherwise this Schedule has no effect.

E.1 Public records (s. 119.0701, F.S.). FSS shall comply with Chapter 119, Florida Statutes, and as required by section 119.0701, FSS shall: (1) keep and maintain public records required by Agency to perform the service; (2) upon request from Agency's custodian of public records, provide Agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law; (3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Term and following completion of the Agreement if FSS does not transfer the records to Agency; and (4) upon completion of the Agreement, transfer, at no cost, to

Agency all public records in the possession of FSS or keep and maintain public records required by Agency to perform the service. If FSS transfers all public records to Agency upon completion of the Agreement, FSS shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If FSS keeps and maintains public records upon completion of the Agreement, FSS shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to Agency, upon request from Agency's custodian of public records, in a format that is compatible with the information technology systems of Agency. If FSS fails to comply with this section, Agency may terminate the Agreement immediately by written notice.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE NOTICE ADDRESS AND NOTICE EMAIL STATED FOR AGENCY IN THE MOU, OR AS AGENCY OTHERWISE DESIGNATES IN WRITING.

E.2 Prompt payment. Payment is governed by the Local Government Prompt Payment Act, sections 218.70 through 218.80, Florida Statutes, or by section 215.422, Florida Statutes, if Agency is a state agency. Interest on late payment accrues only as that law provides, and invoice disputes are handled under that law.

E.3 Sovereign immunity. Nothing in the Agreement waives Agency's sovereign immunity or extends its liability beyond the limits of section 768.28, Florida Statutes. Agency has no obligation under the Agreement to indemnify, defend or hold harmless FSS or any third party.

E.4 Annual appropriation. Agency's payment obligations are contingent on the annual appropriation of funds by its governing body. If funds are not appropriated for any fiscal year, Agency may terminate the Agreement without penalty by written notice, effective at the end of the last period for which funds were appropriated.

E.5 Law and venue. Florida law governs the Agreement, and venue for any action lies in the state courts of the county where Agency is located.

Schedule F — Texas Governmental Entities

Applies only if Agency is a Texas governmental entity, and then controls over the body of these Terms where they conflict. Otherwise this Schedule has no effect.

F.1 Prompt payment. Payment timing and any interest on late payments are governed by Chapter 2251, Texas Government Code.

F.2 Public information. FSS acknowledges that Agency is subject to the Texas Public Information Act, Chapter 552, Texas Government Code. To the extent Subchapter J of Chapter 552 applies to the Agreement, FSS will preserve and provide contracting information as that subchapter requires.

F.3 Immunity and funding. Nothing in the Agreement waives Agency's governmental immunity, requires Agency to indemnify FSS, or creates a debt of Agency beyond current revenues lawfully appropriated for the Agreement. Section 9.5 applies.

F.4 Law and venue. Texas law governs the Agreement, and venue for any action lies in the county where Agency is located.

Schedule G — Contribute and Connect Pilot

Applies only if the pilot is selected in the MOU. Otherwise this Schedule has no effect.

G.1 Pilot Period. The pilot provides FINDER Contribute at no charge for six months beginning on the Effective Date (the "Pilot Period").

G.2 Go-live. Agency will cooperate with FSS to connect its data source to the Platform within 90 days after the Effective Date. If Agency's data is not connected by then for reasons within Agency's control, FSS may end the pilot on written notice.

G.3 Continuation. If Agency elects to continue, the Initial Term begins at the end of the Pilot Period on Agency's Order, at the continuation fee and term quoted, fixed for that term. No new MOU is needed. If Agency's purchase order is in process when the Pilot Period ends, access continues for up to 60 days while it is completed. If Agency does not continue, or no Order is received by the end of that 60-day period, the Agreement ends and Section 5.5 applies.
